# World Health Forum

Volume 9, 1988

World Health Organization, Geneva

# Subject Index

(The subjects of WHO activities and recommendations, which appeared in the WHO Notes & News section of ***World Health Forum,*** are indexed separately on p. 5)

**abstracting and indexing,** *World Health Forum,* 35, 585
**accidental poisoning,** with pesticides, 526
**accidents,** prevention in children, USSR, 595
**AIDS,** health education programme, UK, 370 Switzerland, 376
role of legislation, 365
**Algeria,** road traffic accidents, 84
**atlas of disease mortality,** Japan, 444
**Australia,** community participation in health administration, 591

**Bangladesh,** national drug policy, 214
oral rehydration therapy, 239
**Belgium,** patient participation in health care, 449
**Benin,** smoking, 589
**blood tests,** quality assessment, UK, 575
**Botswana,** food supplies during drought, 92
**Brazil,** medical education, 388
**Burma,** water supply in Ayadaw township, 519

**Canada,** ecological approach to health promotion, 560
**Caribbean countries,** health management training, 399
**cartoons,** Lucky Luke by Morris, 290
Piet Hein, 1
Plantu, 97
Storm P., 146
Vladimir Frolov, 508
**Colombia,** collaboration of private sector, 388
**community health workers,** action against pneumonia, 221
Indonesia, 225
USSR, 227
Alaska, USA, 235
India, 229
**community participation,** drug sales schemes, 200
Family Welfare Movement (PKK), Indonesia, 454
financing of health care, 601
health administration, Australia, 591
health care information, 72
primary health care, Belgium, 449
water supply and sanitation, Burma, 519
Indonesia, 356
Orangi sanitation project, Pakistan, 361
**competition,** health systems research articles, analysis of entries, 322
announcement of winners, 77
**Consumers' Health Forum,** Australia, 591
**Costa Rica,** infant mortality, 439, 595, 594
primary health care, 561

**data collection,** health information, 107
**defluoridator,** for individual households, Thailand, 555
**doctor supply,** distribution, 547
**doctors,** as health educators, Norway, 250
**drought,** Botswana, 92
effect on health status, 98
**drug dependence,** preventive action, Zambia, 531
**drug use,** role of pharmacists, Sweden, 514
**drugs,** treatment for leprosy, India, 63

**ecology,** included in health promotion, Canada, 560
role in health development, 564
**economics,** influence on health, Round Table, 491
**Ecuador,** primary health care, 509
**Editor's announcement,** 35
**education,** for health management, Caribbean, 399
**elderly,** quality of service in institutions, Israel, 327
**environment,** Interview with Gro Harlem Brundtland, 179
**essential drugs,** community-based sales schemes, 200
policy in Bangladesh, 214
proper use, Somalia, 207
**Ethiopia,** leprosy control, 53
problems after smallpox eradication, 382
training traditional birth attendants, 426
WHO's 40th anniversary celebrations, 75
**exercise,** 218, 219

**Family Welfare Movement (PKK),** Indonesia, 454
**female circumcision,** Nigeria, 590
**financing,** health care, 601
Morocco, 607

**fish,** to control vectors, 220
**fluoride,** household water treatment, Thailand, 555
**food safety,** maintenance and improvement of standards, 432, 584, 585

**games with health messages,** 219
**guidelines,** for health workforce planners, 409
preparation of manuals for health workers, 414

**haematology,** quality assessment, UK, 575
**health,** reflections over 40 years, Editorial, 143
**health care,** financing, 601
Morocco, 607
**health care information,** community participation, 72
computerization, Jamaica, 385
Papua New Guinea, 405
home-based records, India, 107
importance of openness, 73
women's representation in surveys, 73
**health development,** ecological component, 564
**health education,** AIDS programme, Switzerland, 376
Uganda, 384
United Kingdom, 370
**health for all by the year 2000,** birth of the ideal, 185
dream and reality, Round Table, 291, 586, 587
everyone's concern, Editorial, 5
future action, Editorial, 287
Kiribati, 50
Mali, 46
the way ahead, 37
**health information,** libraries as a resource, 569
maps of disease mortality, Japan, 444
**health leadership,** international academic collaboration, 384
Round Table, 147
**health learning materials,** production of manuals, 414
**health legislation,** AIDS, 365
**health literature,** neglected resource, 569
**health management training,** Caribbean, 399
**health manpower,** guidelines for planners, 409
judging doctor supply, 547
**health manuals,** for health workers, 414
**health promotion,** ecological approach, Canada, 560
for mothers on the West Bank, 245
local health weeks, 220
through games, 219
**health promotion** *(continued)*
through postage stamps, 24
using doctors, Norway, 250
**health records,** home-based, India, 107
**health services,** evaluation and reform, Norway, 315
**health status,** comparison of Kerala and West Bengal, India, 258
during drought, 98
**health systems research competition,** analysis of entries, 322
announcement of competition winners, 77
**hospitals,** role in programme management, Sudan, 393
**hypertension,** USSR, 88

**immunization,** improving coverage, India, 336
school-based approach, Thailand, 383
tracing defaulters, India, 583
**India,** community health workers, 229
decline of smoking among doctors, 219
health status in Kerala and West Bengal, 258
home-based health records, 107
improving immunization coverage, 336
primary health care, 612
tracing immunization defaulters, 583
WHO's 40th anniversary celebrations, 76
**Indonesia,** community participation in water supply and sanitation, 356
Family Welfare Movement (PKK), 454
leprosy control, 53
treatment of pneumonia by community health workers, 225
**industry,** and food safety, 432, 584, 585
**infant mortality,** Costa Rica, 439, 593, 594
**Interview with Gro Harlem Brundtland,** environment and development, 179
**Interview with Szeming Sze,** the beginnings of WHO, 29
**irrigation,** health hazards, Thailand, 254
**Israel,** quality of service in institutions for the elderly, 327

**Jamaica,** computerization of health care information, 385
**Japan,** atlas of disease mortality, 444

**Kiribati,** health for all, 50

**laboratory procedures,** quality assessment in haematology, UK, 576
**latrines,** improved effectiveness, Mozambique, 345
**leadership in health,** 37
Florence Nightingale, 175
Round Table, 147

**leprosy,** control through primary health care: Ethiopia; Indonesia, 53
multidrug therapy, India, 63
patients' view, Philippines, 59
research and control, 69
study of people's knowledge, Malaysia, 323
**libraries,** neglected resource, 569
**liver fluke infection,** control by villagers, Thailand, 341

**Malawi,** maternal health, 387
**Malaysia,** study of people's knowledge about leprosy, 323
**Mali,** health for all, 46
**manuals,** production for health workers, 414
**maternal health,** Malawi, 387
**measles,** eradication efforts, 382
**MEDEX Primary Health Care Series,** 389
**medical education,** Brazil, 388
distribution of doctors, 547
for primary health care, India, 612
in isolated situations, 589
role in primary health care, 402
**mental health care,** coordination of services, UK, 420
Nicaragua, 542
**Morocco,** financing of health care, 607
**Mozambique,** improved latrines programme, 345

**Nicaragua,** mental health care, 542
**Nigeria,** female circumcision, 590
**Nightingale,** Florence, 175
**noncommunicable diseases,** prevention, USSR, 583
**Norway,** doctors as health educators, 250
evaluation and reform of health services, 315
**nutrition,** during drought, Botswana, 92

**oral rehydration therapy,** Bangladesh, 239

**Pakistan,** Orangi sanitation project, 361
**Papua New Guinea,** computerization of health information, 405
**pesticides,** accidental poisoning, 526
**pharmacists,** role in drug use, Sweden, 514
**Philippines,** patients' view of leprosy, 59
**physical activity,** 218, 219
**PKK,** *see* Family Welfare Movement
**pneumonia,** treatment by community health workers, 221
Indonesia, 225
USSR, 227
**poisoning,** accidental cases with pesticides, 526
**politics,** influence on health, Round Table, 491
**postage stamps,** with health messages, 24
**prevention,** childhood accidents, USSR, 595
noncommunicable diseases, USSR, 583
**primary health care,** Costa Rica, 461
Ecuador, 509
evolution of the concept, 185
field follow-up after training, Sudan, 393
for leprosy control, 53
in medical education, 402
India, 612
MEDEX teaching materials, 389
patient participation, Belgium, 449
use of satellites, 386
**private sector,** participation in free services, Colombia, 388
**publicity,** influence on health, Round Table, 491

**quality control,** haematology, UK, 576

**rabies control,** 536
**respiratory infections,** treatment of pneumonia by community health workers, 221
Indonesia, 225
USSR, 227
**road accidents,** Algeria, 84
**Round Tables:**
Health economics, politics and publicity, 491
Health for all: the dream and the reality, 291, 586, 587
Leadership in health, 147

**Saint Lucia,** water supply and schistosomiasis, 104
**sanitation,** improved latrines programme in Mozambique, 345
local participation, Indonesia, 356
Orangi pilot project, Pakistan, 361
**satellites,** use in primary health care, 386
**schistosomiasis,** linked to water supply, Saint Lucia, 104
**shelter and health,** 355
**smallpox eradication,** residual problems, Ethiopia, 382
role of research, 592
**smoking,** among Indian doctors, 219
Benin, 589
**Somalia,** proper use of drugs, 207
**Sri Lanka,** million houses programme, 353
**Sudan,** field follow-up to primary health care training, 393
**Sweden,** role of pharmacists in drug use, 514
**Switzerland,** health education against AIDS, 377

**Thailand,** control of liver fluke infection, 341
defluoridator for individual households, 555
health hazards of irrigation schemes, 254
school-based approach to immunization, 383
**tobacco,** comments on *The lung goodbye,* 75
supporting the movement against, 78
**traditional birth attendants,** training, Ethiopia, 426
**training,** traditional birth attendants, Ethiopia, 426
use of MEDEX materials, 389

**Uganda,** health education against AIDS, 384
**United Kingdom,** coordination of mental health care services, 420
haematology quality assessment, 575
health education against AIDS, 377
**USA,** community health workers in Alaska, 235
**USSR,** hypertension, 88
preventing injuries to children, 595
prevention of noncommunicable diseases, 583
treatment of pneumonia by community health workers, 227

**vector control,** using fish, 220

**water supply,** Ayadaw township, Burma, 519
effect on schistosomiasis, Saint Lucia, 104
irrigation schemes in Thailand, 254
local participation, Indonesia, 356
**West Bank,** health education for mothers, 245
**WHO,** from small beginnings, Interview with Szeming Sze, 29
new emphasis after the 1970s, 185
the early years, 7
40th anniversary celebrations, 76
Côte d'Ivoire, 585
Ethiopia, 75
India, 76
**women,** representation in health surveys, 73
**World Commission on Environment and Development,** Interview with Gro Harlem Brundtland, 179

**Zambia,** prevention of drug dependence, 531
**zoonoses,** control of rabies, 536

**AIDS**, and contraception, 125
and human rights, 476
blood safety drive, 274
counselling in infection and disease, 272
in prisons, 273
in the workplace, 625
intravenous drug use and HIV infection, 273
neurological complications, 479
prevention and control, 268
WHO's alliance with UNDP, 479
World AIDS Day, 1 December 1988, 479
1987 CDC/WHO definition, 271
**alcohol**, association with cancer, 275
**Alma-Ata**, 10th anniversary, 473

**cancer**, warning for alcohol drinkers, 275
**cardiovascular diseases**, 621
overview of WHO activities, 128
**child survival**, new targets, 480
**cholera**, vaccination no longer required, 622
**chronic disease**, importance of self-help, 125

**Deputy Director-General**, Dr M. Abdelmoumène, 620
**Director-General**, Dr Hiroshi Nakajima, 470
**Director-General Emeritus**, Dr Halfdan Mahler, 471
**drug use and promotion**, 474

**envrironment**, global monitoring system, 124
**European region**, action against tobacco, 122
**Expert Committees and study groups**, 269

**family planning**, AIDS and contraception, 125
better health for women and children, 124
**food poisoning by salmonella**, 123

**health for all**, Director-General's speeches to Regional Committee meetings, 120
leadership, 123
**health learning materials**, overview of WHO activities, 483
**health technology transfer**, conference in Tokyo, June 1987, 478
**heart diseases**, overview of WHO activities, 128
**human reproduction**, overview of WHO activities, 126
**hypertension**, 621

**injection guidelines**, 123
**International Certificate of Vaccination**, 622
**International Conference on Better Health for Women and Children through Family Planning**, Nairobi, October 1987, 124
**International Consultation on Conservation of Medicinal Plants**, Chiang Mai, March 1988, 478
**International Olympic Committee**, warning against tobacco, 477

**leadership development for health for all**, 41st WHA Technical Discussions, 475
**leadership in health for all**, 123

**medical education**, world conference, 623
**medicinal plants**, 478
**mental health**, overview of WHO activities, 481

**onchocerciasis control**, 620

**polio eradication by the year 2000**, 474
initial activities, 622

**rabies**, technique for obtaining specimens, 621
**Regional Committee meetings**, September-October 1987, 120
**Regional Directors**, highlights from their reports, 270

**salmonellosis**, 123
**self-help and chronic disease**, workshop in Leuven, 125
**smallpox eradication**, commemorative book, 269
10th anniversary, 121

**Task Force for Child Survival**, meeting in Talloires, March 1988, 480
**tobacco**, banned from Seoul Olympic Games, 625
call for legal action in Western Pacific region, 478
European action plan, 122
Executive Board discussions, 268

**tobacco** *(continued)*
warning by International Olympic Committee, 477
WHO medal for tobacco-free achievements, 477

**vaccination,** new international certificate, 622

**wastewater,** use in agriculture, 274
**water supply,** overview of WHO programme activities, 275
**WHO Executive Board,** 81st session, 11-20 January 1988, 268
AIDS, prevention and control, 268
Expert Committees and study groups, 269
praise for WHO staff, 270
reports of Regional Directors, highlights, 270
smallpox eradication, commemorative book, 269
tobacco or health, 268
WHO's 40th anniversary, 270
**WHO Influenza Programme,** overview of activities, 279
**WHO Special Programme of Research, Development and Research Training in Human Reproduction,** overview of activities, 126
**WHO 40th anniversary,** 270, 473
**World AIDS Day,** 1 December 1988, 479
**World Conference on Medical Education,** Edinburgh, August 1988, 623
**World Health Assembly,** 2–13 May 1988, 470
AIDS and human rights, 476
Alma-Ata, 10th anniversary, 473
Director-General, Dr Hiroshi Nakajima, 470
Director-General Emeritus, Dr Halfdan Mahler, 471
drug use and promotion, 474
leadership development for health for all, Technical Discussions, 475
polio eradication by the year 2000, 474
WHO's 40th anniversary, 473
**World Summit of Ministers of Health on Programmes for AIDS Prevention,** London, January 1988, 479
